**  Contains Petroleum Distillate - something may cause aspiration pneumonia.

PHYSICAL OR CHEMICAL HAZARDS
Do not use or store near heat or open flame.
Buyer assumes all risk of use, storage or handling of this product not in strict accordance with directions given herein.

This product is toxic to fish. Do not apply directly to water. Do not apply where run-off is likely to occur. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

In case of medical emergencies or health and safety inquiries, or in case of fire, leaking or damaged containers or for product use information, call 800-234-2269. Have the product container or label with you when calling.

NOTE TO PHYSICIAN
Contains petroleum distillate - something may cause aspiration pneumonia.

BRONCO® Gold Equine Fly Spray has been especially developed for use on horses. It provides a protective hair coating against flies while imparting a high sheen to the hair when brushed out. 1-2 ounces per head per day gives adequate protection.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Bronco® Gold Equine Fly Spray has been especially developed for use on horses. It provides a protective hair coating against flies while imparting a high sheen to the hair when brushed out. 1-2 ounces per head per day gives adequate protection. Apply by either soft cloth or fine mist spray.

USE AS A SPRAY: Bronco® Gold Equine Fly Spray may be applied as a fine mist spray to stable area and over and around stabled horses for fast paralysis and kill of flies. Do not wet horse's skin or exceed two ounces per application.

DO NOT USE OR STORE NEAR HEAT OR OPEN FLAME.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION

If swallowed, remove or cover exposed foods before spraying. Do not apply to dairy animals.

If in eyes
Hold eye open and rinse slowly and gently with water for 15-20 minutes.
Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
Call a poison control center or doctor for treatment advice.

If inhaled
Move person to fresh air.
If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible.
Call a poison control center or doctor for further treatment advice.

If on skin or clothing
Take off contaminated clothing.
Rinse skin immediately with plenty of water for 15-20 minutes.
Call a poison control center or doctor for treatment advice.
