

1. Remove wrapper and hold Slick 'N Easy™ Grooming Block by one of its long edges as pictured.

2. Scrape the horse's coat vigorously, in short rapid strokes, with the other long edge. Scrape in the same direction as the hair grows.

3. After several uses, your Slick 'N Easy™ Grooming Block will develop rounded edges. To restore to a sharp edge, rub the long edge on concrete (flat sidewalk, block wall) or any similar abrasive surface.
