

EASY TO USE JUST ADD WATER

MIXING DIRECTIONS:

Pour 3 oz. of Laser Sheen® Concentrate in a 32 oz. sprayer, add water and shake.

For big grooming jobs, empty entire bottle (12 oz.) of Laser Sheen® Concentrate into a gallon container, add water and shake well. Apply with a fine mist sprayer.

IMPORTANT NOTE: For desired results, mix exactly according to label dilution rates. Too much Laser Sheen® Concentrate may produce a sticky or gummy film. Too little will produce a watery product that will not give your horse that beautiful Laser Sheen® gloss.

DIRECTIONS FOR USE:

SHAKE WELL BEFORE EACH USE

Apply Laser Sheen® ready-to-use spray to the coat, mane and tail. Spray fine mist over entire horse until coat, mane, and tail are damp. Wipe in the direction of hair. Allow to dry before additional brushing or toweling.

MAKES ONE GALLON

Laser Sheen® Concentrate has a unique non-oily formula developed to put the finest gloss possible on horses' coats. Laser Sheen® detangles manes and tails quickly – and keeps them tangle free! Produces a lustrous, healthy coat that shines like a winner! Silicone formula repels dust and dirt, and prevents stains from grass, manure and sweat.
